DIVING ACTIVITIES IN TIMES OF COVID-19

All the activities that “Centro Escuela de Buceo Mojácar” carries out , are currently developed in the context of the recent health crisis, part of the worldwide pandemic, in which even with all the extraordinary measures that we have taken such as disinfection and cleaning of the facilities, equipment as well as training our staff, all implies an extra risk that you should be aware of and understand that we cannot guarantee that you could eventually get infected, in the same way as you cannot guarantee that previous your participation in any activity with us that you could be infected and asymptomatic about COVID-19.

We kindly invite you to read our full protocol of safety measures that Buceo Mojacar has created to minimize the possibility of contagion of COVID-19 and making as safe as possible all of our activities for our clients.

We ask you as well to implicate about the fulfillment of the safety measures that we have taken as well as the ones ruled by the competent authorities.

For this purpose, we ask you to hand-sign the present document as a sign of acceptance of the exposed safety measures.

The present also serves to accept the existing risks and exonerate the Mojacar Diving School Center, its staff, any participant in the activities from any responsibility for any type of infection, understanding that they have put in place the necessary measures to minimize the risks..

And for the record, I sign this document.
